

CGCH Volunteer February 2026 news and updates:

In January we welcomed five Collegiate School of Biomedical Sciences interns for this semester. These five interns are here Tuesday and Thursdays and based in the NICU, Child Life and Danis Pediatrics.

Happy 9th Birthday Thor!

We will celebrate with cake in the Atrium on Monday, Feb. 2nd at 12pm.

As we all dream of warmer days and you plan your Spring travels, please make sure to share the dates you will miss your shift. We don't assume you will not be here unless you tell us. And the more notice, the more likely one of our volunteers from the sub list can cover.

In 2025, 311 volunteers gave Cardinal Glennon more than 27000 hours of service! We could not serve our patients, families and staff without you!

Happy February Birthdays!
