

Flu Shot Information:

Here we are once again on the brink of flu season. BJC requires all employees and volunteers to be immunized against the flu. **We will begin accepting flu vaccine documentation beginning October 1st. If we have not received your documentation by November 28th, you will be inactivated and unable to volunteer.**

- You may get your flu shot at a community location/your PCP and submit your documentation to us. We can make copies here in the office or you can email the PDF attachment to slchvolunteer@bjc.org. Only PDFs will be accepted.
- You can follow this link to learn about flu immunization options through BJC, SLCH will not be offering volunteer-specific flu immunization times.
 - <https://bjcnet.carenet.org/Home/FeaturedStories/NewsArticle/TabId/134/ArtMI D/546/ArticleID/15411/All-you-need-to-know-about-this-years-flu-vaccinations.aspx>
- We did learn that CSCC West (at Mason and 40) does accept walk-ins for flu shots between the hours of 8am-4pm, Monday-Friday
- *****Even if you receive your flu immunizations through BJC or a WashU physician, you must obtain documentation and provide it to us. We do not have access to your immunization history other than what you provide to us.**

COVID Booster Information:

COVID Boosters are not required at this time, however, we are being asked to track volunteer COVID Booster status. We thank you for your patience with this, but even if you have previously submitted your booster(s) to us, please re-submit so we can ensure everything is filed correctly.

- You can bring in documentation and we will make a copy in the VS office or you can email a PDF attachment to slchvolunteer@bjc.org. Only PDFs will be accepted.

On the BJC link above, there is an option to sign up for the newest COVID Booster, if you are interested.

Thank you for your compliance and for helping to keep our patients, families, and each other safe.
