November 2024

Volunteer monthly news

***We** welcome our newest group of more than 20 Ped*s Pals and excited to have here!

***Flu Vaccine updates** – if you are receiving an email reminder from Immuware about your flu vaccine, Employee Health does not have it! The emails are only going to those who need to complete by the **December 6th deadline**. Please reach out with any issues and complete as soon as possible. We will move all who have not been approved through Immuware on December 6th to leave of absence in the volunteer system (and no one wants that 😊).

***Security** has asked that I remind all, volunteer parking is on the employee/volunteer lot for all those coming M – F. Our census and visitors continue to increase so we need those spaces for patients and families. They will ask you to return to your car and park in the correct lot so please park there! Your badge will allow for you to walk from there and enter the hospital as well as ride the shuttle and enter through the employee entrances.

*Please make sure you have a **contact phone number** to let your department/area/contact know if you need to cancel last minute. We want to know you are safe and I am not always able to read my email AND let that department know in a timely manner. If you are canceling day of, please call them directly. Wearing a mask if you have a lingering cough is also a GREAT idea!

***CGCH Volunteer Shirts** – the new blue have volunteer shirts arrived! We will begin distribution in the next week or so. If you ordered a long sleeve you will pick up/purchase in the Gift Shop. Burgundy t-shirts AND SSM vests continue to be approved CGCH volunteer dress code.

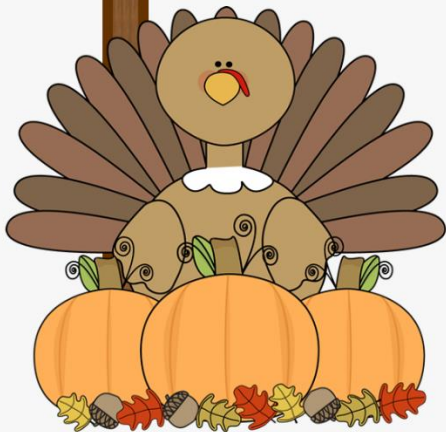

You can see your service (length of time as well as hours)! Log in with your Volgistics log-in number and then choose My Service on the What Would You Like To Do screen.

Happy November Birthday!

We are
Thankful for
YOU!

During this time of year as we pause and count our blessings, we here at Cardinal Glennon certainly include ALL our volunteers.

The time and talents you share with us, as well as your compassion for our patients and families, are gifts for which we give thanks!
