

**Where can I sign in and out for my shift?**

- One of the sign-in computers has been moved into the Mercy Movers room. To access the Mercy Movers room, walk past the old volunteer office like you are going to the children's elevators. Walk past the children's elevators to the back hallway. At the dead end, turn left. Mercy Movers is on the left through the double doors.
- There is another computer for signing in and out in the new Mercy Volunteer Office, however, to save some steps, read below.
- QR codes have been provided for volunteers to scan directly from their phones, while in the Ronald McDonald Family Room. Once you scan the QR code, this will bring up the same exact sign in screen that you are used to from the Volunteer Office. Type your pin # into the sign in screen and you will be good to go!
